VR Pro™ Vandal-Resistant LED Correctional Cell Light

The Ironclad® VR Pro Vandal-Resistant correctional cell and behavioral room fixture uses an LED high efficiency light engine with a light that simulates daylight. The incorporated count light LED module gives off a soothing warm light that can be turned on and off as needed.

Construction

One piece Mounting Ring- .500" thick 304 Stainless Steel

Lens- .400" thick cast, diffused translucent, Highly Engineered Polyurethane. Shore hardness D80+, tensile strength 5,400 psi, impact strength 55 in. lbs./ in.

Mounting- .125" aluminum heat sink to maintain thermal management
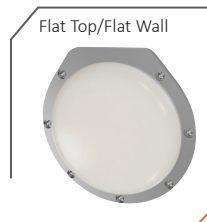

Installation- Anchored flush onto ceiling with (8) recessed tamper-proof 1/4" concrete drive anchors or (8) 1/4" tamper-proof stainless steel bolts

Wiring- Hard wired direct to AC current; eliminating failure points via driver

Features- No accessible parts, No rusting or peeling paint, Count Light

Specifications

- Extreme Durability- hammer & knife tested
- 80 CRI
- No areas to hide or conceal contraband.
- Weight: 7.9 lbs.
- Dimensions: 12.25" diameter x 1.9" tall

Flat Top/Flat Wall

Watts	35W or 42W
Voltage	120 or 277V
Lumens	3,600
Color Temperatures	5000K, 4000K, 3500K or 2700K; Count Light 2700K
LED Life	L70>75,000 Hours; Projected>100,000 Hours
Footcandles	35 ftc at the desk level; 22 ftc at the floor
Warranty	5 year limited warranty

Manufactured in America with globally and domestically sourced components
